

Pink Activities invites YOU for meeting other women!

Lisa organises many activities in the Netherlands for (lesbian) women. Often Lisa meets a woman who would like to participate for example in Eurogames, but she does not know many other women yet to join side events.

No need to hesitate anymore, everyone is welcome!

The goal when organising activities for women is that everyone is able to participate, there is no fee needed. You only need to pay for the costs of things you order yourself.
